## I. Recent Incidents of National Significance

### Christchurch, New Zealand Tragedy:

1) According to a recent statement on the State of Homeland Security, DHS Secretary Kirstjen Nielsen, the primary terrorist threat to the United States continues to be from Islamist militants and those they inspire, and that threats posed by domestic terrorists are also real and serious dangers that cannot be ignored. **Secretary Nielsen noted that domestic terrorists “are using the same do-it-yourself, mass-murder tactics” that were implemented earlier this month in New Zealand against Muslim worshippers. The Secretary referred to similar attacks that occurred in October at the Tree of Life synagogue in Pittsburgh, and in June 2015 against the Emanuel African Methodist Episcopal Church in Charleston.** In the wake of the New Zealand tragedy, Secretary Nielsen went on to say that “we will NOT permit such hate in our homeland. There is no room in this great nation for violent groups who intimidate and coerce Americans because of their race, religion, sexual orientation, or creed.”

2) The Australian charged with participating in the killing 49 worshippers at two New Zealand mosques said **his main inspiration was Oswald Mosley, the British fascist anti-Semite who was close to the Nazis.** Brenton Tarrant, 28, posted a 73-page manifesto on social media before the attacks in Christchurch. His overriding motive in carrying out the massacre is to remove non-Europeans from European lands. "I mostly agree with Sir Oswald Mosley's views and consider myself an Eco-fascist by nature," he wrote. Mosley was an anti-Semite who led a fascist movement and who sought to reconcile Britain and Nazi Germany before the war. Tarrant, an Australian, denies being an anti-Semite so long as Jews live in Israel. "A Jew living in Israel is no enemy of mine, so long as they do not seek to subvert or harm my people," he wrote. A similar view of Jews was held by Anders Behring Breivik, the white supremacist who killed 77 young people in Norway in 2011 and whom Tarrant names as a role model. Jewish groups, including the Anti-Defamation League and the Simon Wiesenthal Center, identified the attack as part of a growing threat from white supremacists. The ADL said that the attack underscores that **modern white supremacy is an international threat that knows no borders.**

## II. Recent Reports of National Significance

**FBI Director Wray Testimony:** “The FBI assesses HVEs are the greatest terrorism threat to the homeland. These individuals are global jihad-inspired individuals who are in the U.S., have been radicalized primarily in the U.S., and are not receiving individualized direction from FTOs. We, along with our law enforcement partners, face significant challenges in identifying and disrupting HVEs.” Domestic extremist movements collectively pose a steady threat of violence ... to the United States. The FBI is most concerned about lone offender attacks, primarily shootings, as they have served as the dominant mode for lethal domestic extremist violence. We anticipate law enforcement, racial minorities, and the U.S. government will continue to be significant targets for many domestic extremist movements.” (Source: FBI, April 4, 2019; Link: [https://www.fbi.gov/news/testimony/fbi-budget-request-for-fiscal-year-2020?utm\\_campaign=email-immediate&utm\\_medium=email&utm\\_source=congressional-testimony&utm\\_content=%5B723117%5D-%2Fnews%2Ftestimony%2Ffbi-budget-request-for-fiscal-year-2020](https://www.fbi.gov/news/testimony/fbi-budget-request-for-fiscal-year-2020?utm_campaign=email-immediate&utm_medium=email&utm_source=congressional-testimony&utm_content=%5B723117%5D-%2Fnews%2Ftestimony%2Ffbi-budget-request-for-fiscal-year-2020))

**Situational Awareness Bulletin:** According to a situational awareness bulletin prepared by Colorado Information Analysis Center (CIAC), Jihadists are threatening retaliation for the recent attacks at two mosques in New Zealand. Among the threats, on 15 March 2019, an ISIS spokesman called for retaliation over the mosque attacks in New Zealand. In a 44-minute audio recording, he stated, “The scenes of the massacres in the two mosques should wake up those who were fooled, and should incite the supporters of the caliphate to avenge their religion.” Foreign terrorist organizations (FTOs) are known to encourage followers to carry out attacks in America and against Jewish and Israeli interests. ISIS, in particular, encourages sympathizers to carry out simple attacks in their own communities using weapons, such as knives and vehicles, which are easy to acquire and require little to no specialized training. (Source: Secure Community Network Bulletin No. 23, March 22, 2019.)

**Joint Intelligence Bulletin:** The FBI, DHS, and NCTC conclude that domestic actors will continue to pose a lethal threat to faith-based communities in the Homeland and they remain concerned about the difficulty of detecting US-based threat actors and HVEs. Specific to the Jewish community, the FBI, DHS, and NCTC assess that the Islamic Republic of Iran and Hizballah have both demonstrated intent to target Jewish persons and Jewish interests in the Homeland, referencing Iranian-orchestrated surveillance of a synagogue in Chicago, IL. According to the JIB, recent HVE threats and attacks against Jewish communal institutions have occurred in Pittsburgh, PA, Toledo, OH, and Washington, DC. In light of this threat, they advise government counterterrorism and law enforcement officials and private sector security partners responsible for securing faith-based communities to remain vigilant. (Source: Joint Intelligence Bulletin (IA-32337-19), February 22, 2019.)

**Worldwide Threat Assessment of the US Intelligence Community:** The report includes a number of assessments that relate to Nonprofit Security. First, global jihadist in dozens of groups and countries threaten local and regional US interests, and some of these groups will remain intent on striking the US homeland. Prominent jihadist ideologues and media platforms continue to call for and justify efforts to attack the US homeland. Second, homegrown violent extremists (HVEs) are likely to present the most acute Sunni terrorist threat to the United States, and HVE activity almost certainly will have societal effects disproportionate to the casualties and damage it causes. Third, ISIS’s past actions and propaganda probably will inspire future HVE attacks, similar to the enduring influence of deceased al-Qa’ida ideologues, especially if ISIS continues to promote its violent message via social and mainstream media. Note: Jewish communal institutions are often targets of these violent incitements. (Source: Director Daniel Coats, Office of the Director of National Intelligence, January 29, 2019; Link: <https://www.intelligence.senate.gov/sites/default/files/documents/os-dcoats-012919.pdf>.)

**Homeland Security Operational Analysis Center Report:** The report, released on February 14, 2019 and commissioned by DHS, assesses current terrorism prevention efforts by DHS and its interagency partners. The report makes three points that pertain to Nonprofit Security. First, terrorism is a low-probability, but potentially high-impact event in the United States. Although terrorist attacks in the United States are rare, the consequences of even one attack conducted by a perpetrator that “slipped through the cracks” can be severe, as terrorist attacks have an outsized impact compared with other forms of violence. Second, terrorist incidents associated with both domestic and international terrorism have occurred in nearly every state. There does not seem to be a clear pattern for targets of terrorist attacks apart from clustering in large cities. Third, although attacks linked to right-wing extremism have been on the rise and have reportedly been more frequent than other forms of ideologically based violence in the years since 2016, data show that jihadist-inspired terrorist attacks in the United States have been more lethal than any other form of violent extremism. **(HSOAC, Practical Terrorism Prevention, 02/14/19; Link: [file:///C:/Users/GOLDRO1D/Downloads/RAND\\_RR2647%20\(1\).pdf](file:///C:/Users/GOLDRO1D/Downloads/RAND_RR2647%20(1).pdf).)**

Note: The expansion of NSGP to comprise NSGP-UA and NSGP-S appropriately recognizes the broad geographical scope of threats to the Nonprofit Sector (see below incident reports in Section IV).

### III. Recent Department of Justice Cases

**Lehigh, Pennsylvania, April 11, 2019 (DoJ/U.S. Attorney’s Office, Middle District of Pennsylvania):** Corbin Kauffman, age 30, was charged with interstate transmission of threats to injure the person of another. According to the criminal complaint, Kauffman posted threatening images and messages on a website called Minds.com on March 7, 2019. It further alleges that Kauffman used various aliases online to post hundreds of anti-Semitic, anti-black, and anti-Muslim messages, images, and videos. Several of these posts included threats to various religious and racial groups, and one included a **digitally created image of Kauffman aiming an AR-15 rifle at a congregation of praying Jewish men**. Other posts allegedly expressed a desire to commit genocide and “hate crimes,” and called for or depicted images of the killing of Jewish people, black people, and Muslim people. **Kauffman also posted pictures of acts of vandalism he committed, including anti-Semitic graffiti at a public park, and the defacement of a display case at the Chabad Jewish Center in Ocean City, Maryland with white supremacist and anti-Semitic stickers.** Pennsylvanians know all too well how dangerous these kinds of white supremacist threats can be,” said United States Attorney David J. Freed,. “The last thing we want is to see another tragedy like we saw at Tree of Life Synagogue in Pittsburgh, or at Al Noor Mosque in Christchurch, or at Emmanuel African Methodist Episcopal Church in Charleston. The maximum penalty under federal law for this offense is five years of imprisonment for each violation

**Missoula, Montana, April 4, 2019 (DoJ/U.S. Attorney’s Office, District of Montana/NBC Montana):** Fabjan Alameti, 21, was arrested at a Bozeman shooting range after having recently traveled to Montana from New York. He was charged with making false statements involving international terrorism and possession of a firearm by unlawful user of a controlled substance. **According to the Criminal Complaint, Alameti stated that he was planning to travel to Syria to fight with ISIS. He also stated, according to the Complaint, that he had been considering conducting an attack on a US government building, “Jewish temple,” and US Army recruiting center.**

**New York, New York, March 12, 2019 (DoJ/U.S. Attorney’s Office, Southern District of New York):** Kim Anh Vo was arrested in Hephzibah, Georgia, and charged with conspiring to provide material support to ISIS, a designated foreign terrorist organization. In April 2016, VO joined the United Cyber Caliphate (the

“UCC”), an online group that pledged allegiance to ISIS and committed to carrying out online attacks and cyber intrusions against Americans. Since that time, the UCC and its sub-groups have disseminated ISIS propaganda online, including “kill lists,” which listed the names of individuals whom the group instructed their followers to kill. Between April 2016 and May 2017, VO worked on behalf of the UCC to recruit others to join the group including a recruit in Norway, who created a video **threatening a non-profit organization based in New York City**, which was formed to find and combat the online promotion of extremist ideologies. The video contained messages such as, “You messed with the Islamic State, SO EXPECT US SOON,” followed by a scene displaying a photograph of the organization’s chief executive officer and former U.S. Ambassador (the “CEO”), along with the words: “[CEO], we will get you.”

**Whitefish Bay, Wisconsin, March 1, 2019 (DoJ):** Chadwick Grubbs, 33, was sentenced to 36 months in prison for charges related to **threatening letters he wrote on three separate dates to the Harry and Rose Samson Family Jewish Community Center (JCC)** in Whitefish Bay. Grubbs pleaded guilty to two counts of mailing threatening communications and one count of threatening to injure and destroy property by fire and an explosive. Information presented during the plea hearing established that Grubbs sent three letters to the JCC in which **he threatened to use firearms to cause “maximum carnage” and explosives to destroy the JCC. Grubbs used numbers and symbols associated with white supremacist ideology in the letters.**

**Pembroke Pine, Florida, February 28, 2019 (DoJ/U.S. Attorney’s Office, Southern District of Florida):** Tayyab Tahir Ismail, 33, of Pembroke Pines, Florida, pled guilty to distributing information on the Internet on at least four occasions containing step-by-step instructions on how to construct a bomb and other explosives, with the intent that the information be used for and in furtherance of an activity that constitutes a federal crime of violence. During that time, Ismail was a member of various rooms within the platform and each of these rooms contained members who support violent jihad. **According to the FBI affidavit, Ismail was an associate of James Medina, who is serving a 25-year prison sentence for plotting to blow up a South Florida synagogue and Jewish school.**

**Cleveland, Ohio, February 13, 2019 (DoJ/US Attorney’s Office, Northern District of Ohio):** A Maple Heights man was charged with attempting to provide material support to al Qaeda, as well as making threats against the President, the family of the President and false statements to law enforcement. Demetrius Nathaniel Pitts, aka Abdur Raheem Rafeeq, aka Salah ad-Deen Osama Waleed, 49, was arrested after allegedly planning a terrorist attack in Cleveland. According to an affidavit filed in the case, Pitts expressed anti-American sentiments and expressed a desire to recruit people to kill Americans. **Pitts did reconnaissance of possible targets in Cleveland, including a federal building, the Coast Guard station and St. John’s Cathedral.**

**Nationwide, February 12, 2019 (DoJ/U.S. Attorney’s Office, Central District of California):** Federal authorities arrested one of two defendants charged in a federal indictment with making false threats of violent attacks at many locations, including schools. The two defendants allegedly are members of the Apophis Squad, a worldwide collective of computer hackers and swatters intent on using the internet to cause chaos. The collective caused disruptions by **making threatening phone calls, sending bogus reports of violent school attacks** via email, and launching distributed denial-of-service (DDoS) attacks on websites. One of the defendants, Timothy Dalton Vaughn, 20, of Winston-Salem, North Carolina, bragged in an online forum that Apophis Squad had targeted over 2,000 schools in the United States.

**Eugene, Oregon, February 12, 2019 (DoJ/U.S. Attorney’s Office, District of Oregon):** Benjamin Jaramillo Hernandez, 69, of Eugene, pleaded guilty today to a federal hate crime and illegal possession of

ammunition charge arising from a series of progressively more **threatening and violent actions targeting St. Mary Catholic Church in Eugene** in September 2018. A Eugene police officer and FBI agent identified Hernandez in church surveillance footage as the person responsible for the threats.

**Fort Worth, Texas, February 8, 2019 (DoJ/ U.S. Attorney’s Office, Northern District of Texas):** Michael Kyle Sewell, 18, was charged with conspiring to provide material support and resources to Lashkar-e-Taiba (LeT), a Pakistani-based foreign terrorist organization. “Sewell allegedly recruited an individual to join Lashkar-e-Taiba (LeT), a designated foreign terrorist organization. **LeT is a Pakistan-based designated foreign terrorist organization responsible for multiple high-profile attacks, including the infamous Mumbai attacks in November 2008. In that attack LeT chose as a high-value target Mumbai’s Jewish community center, where its members tortured and executed the Center’s directors Rabbi Gavriel and Rivka Holtzberg and four other Israeli and American visitors.**

**New York, New York, February 8, 2019 (DoJ/U.S. Attorney’s Office, Southern District of New York):** Jesus Wilfredo Encarnacion was arrested at John F. Kennedy International Airport While Allegedly Attempting to Travel Overseas to Join Lashkar eTayyiba (LeT). LeT is a Pakistan-based designated foreign terrorist organization responsible for multiple high-profile attacks, including the infamous Mumbai attacks in November 2008. **In that attack LeT chose as a high-value target Mumbai’s Jewish community center, where its members tortured and executed the Center’s directors Rabbi Gavriel and Rivka Holtzberg and four other Israeli and American visitors.** FBI Assistant Director William F. Sweeney Jr. said: Organizations such as LeT “are using the internet and social media to appeal to the most barbaric impulses in people, and train them to kill.” NYPD Police Commissioner James P. O’Neill said: “As alleged, Jesus Encarnacion had expressed his desire to commit a terrorist attack while living in New York City and never abandoned those plans. Allegedly, one of his stated motives for traveling overseas was to get the training and experience **he believed he needed to someday return to the United States and carry out attacks.**

**Pittsburgh, Pennsylvania, January 30, 2019 (DoJ/U.S. Attorney’s Office, Western District of Pennsylvania):** A federal grand jury sitting in the U.S. District Court for the Western District of Pennsylvania charged a Pennsylvania man with additional federal hate crimes and firearms offenses for his conduct during the October 27, 2018 shootings at the Tree of Life Synagogue in Pittsburgh, Pennsylvania. According to the Superseding Indictment, on October 27, 2018, Bowers drove to the Tree of Life Synagogue in Pittsburgh, where members of the Tree of Life, Dor Hadash, and New Light Jewish congregations gathered to engage in religious worship. **Bowers entered the synagogue armed with multiple firearms, including three Glock .357 handguns and a Colt AR-15 rifle. While inside the Tree of Life Synagogue, Bowers opened fire, killing and injuring members of the three congregations, as well as injuring multiple responding police officers as they attempted to rescue surviving victims.**

**Garden City, Kansas, January 25, 2019 (DoJ, Office of Public Affairs):** Three men who were convicted of **plotting to set off bombs in a Somali refugee community** were sentenced to at least 25 years in prison. Evidence presented at trial revealed that the defendants plotted, over the course of several months, to **attack an apartment complex that contained a mosque in Garden City, Kansas, where Muslim immigrants from Somalia lived and worshipped.** Evidence during trial established that the defendants held numerous meetings to plan the attack and took significant steps – including making and testing explosives – toward implementing their plan. “These defendants planned to ruthlessly bomb an apartment complex and kill innocent people, simply because of who they are and how they worship,” said FBI Director Wray. “Today, together with our law enforcement partners, we reaffirm our

commitment to protecting all people in our communities from those who seek to terrorize and do harm."

**Bloomington, Minnesota, January 24, 2019 (DoJ/US Attorney's Office, District of Minnesota):** Michael McWhorter, 29, and Joe Morris, 23, both of Clarence, Illinois, pleaded guilty to charges stemming from a violent **multi-state crime spree that terrorized communities, including members of the Dar al-Farooq Islamic Center** in Minnesota. McWhorter, Morris, and co-defendant Michael Hari, 47, were federally indicted on **possession of a machine gun; conspiracy to interfere with commerce by threats and violence (the Hobbs Act); and attempted arson**. "Every individual has the fundamental right to live life free from the threat of violence and discrimination, no matter who they are, what they believe, or where they worship," said United States Attorney Erica H. MacDonald.

**Nationwide, January 23, 2019 (DoJ/US Attorney's Office, Central District of California):** Three men are charged with making false reports of explosives and armed individuals to generate a law enforcement response that was intended to harass and intimidate their targets and to evacuate public buildings.

**False bomb threats were made at a high school in Gurnee, Illinois and a high school in Lee's Summit, Missouri.**

**Washington, DC, January 16, 2019 (JTA/SCN/; DoJ, US Attorney's Office of the Northern District of Georgia):** The Federal Bureau of Investigation (FBI) Atlanta Joint Terrorism Task Force (working closely with the US Secret Service) arrested Hasher Jallal Taheb for attempting to destroy the White House with an explosive and for targeting other Washington sites, **including blowing up a specific (unnamed) synagogue**. According to the complaint, Taheb planned to use semi-automatic rifles, explosives, and an AT-4 — a shoulder-fired anti-armor weapon, to carry out his attack/s. The investigation was initiated after law enforcement receives a tip from the community. The alleged activities of Taheb underscore the continued interest and willingness of U.S.-based violent extremists to conduct attacks in the Homeland on U.S. Government facilities as well as faith-based community targets.

#### **IV. Chronology of Recent Threat Incidents Reported**

**(Includes a representation of international incidents reported)**

**Bourdon, France April 15, 2019 (JTA/French-language 20 Minutes news website):** **A 58-year-old man was stabbed 15 times in his stomach and face by an 18 year old attacker who told witnesses that he "wanted to kill a Jew."** The victim was saved by a friend, who was with him at the time of the assault, who came between the victim and the attacker. The National Bureau for Vigilance Against Anti-Semitism said in a statement that the crime is reminiscent of the attack on Sarah Halimi, a 66-year-old Jewish teacher and physician whom prosecutors say was murdered by her Muslim neighbor in April 2017 partly because she was Jewish and the death of Mireille K., a Jewish woman whose body was found burnt and stabbed in her Paris apartment and whose neighbor had threatened to burn her.

**Garden City, Kansas, April 12, 2019 (FBI):** The FBI reported on recent convictions of Patrick Eugene Stein, Curtis Allen and Gavin Wright for conspiracy to use a weapon of mass destruction and conspiring to violate the housing rights of their intended victims. According to the report, the Bureau was able to gather a trove of information showing the men weren't just "spewing hate speech", but had made concrete plans to put their words into action. It is reported that they carried out surveillance on potential targets and **decided on a specific apartment complex because they liked the fact that the complex housed a small mosque.** (Link:

**San Diego, California, April 11, 2019 (FBI):** The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF); the Federal Bureau of Investigation (FBI); and the Escondido Police Department (EPD) announced that a \$10,000 reward is being offered for information leading to the arrest and prosecution of the individual(s) responsible for the **arson and vandalism, which occurred at an Escondido mosque**. On March 24<sup>th</sup>, an individual(s) set fire and vandalized the Dar-ul-Arqam Mosque, also known as Islamic Center of Escondido. Several people were inside at the time of the fire (Link:

**Chapel Hill, North Carolina, April 11, 2019 (JTA/ Daily Tar Heel):** Several anti-Semitic fliers were found on bookshelves and tables in the library at the University of North Carolina. **The fliers include references to "an evil Jewish plot" and said "do everything you can to fight the silent covert Jewish attempt to enslave and kill good Americans,"** according to the UNC Hillel.

**Denver, Colorado, April 11, 2019 (JTA/Denver Post):** **A swastika was burned into the asphalt near the playground of a Denver public elementary school.** Gasoline was used to burn the anti-Semitic symbol at Ellis Elementary School. The vandalism is being investigated as a bias incident.

**Nationwide, April 9, 2019 (CNN):** **YouTube was forced to disable comments on a livestream of a House Judiciary hearing on hate crimes and white nationalism on social media after it was flooded with racist and anti-Semitic comments.** The comments were an illustration of one of the issues at hand: Silicon Valley's ongoing struggle to stop the spread of hate across its platforms. Among the witnesses was Anti-Defamation League senior vice president of policy Eileen Hershenov, who talked about the dangers of smaller platforms, which white supremacists have also been known to use. "These platforms are like round-the-clock digital white supremacist rallies, creating online communities that amplify their vitriolic fantasies," Hershenov said.

**Nationwide, April 9, 2019 (Washington Post/JFNA):** Dozens of law enforcement and security officials and representatives of Jewish groups who gathered in Washington for a planning exercise detailing how they would respond to future attacks on Jewish facilities. The event comes at a fraught moment, with the specter of recent bloodshed — including the massacre in Pittsburgh and the attacks last month on New Zealand mosques, among many others — looming large. In both incidents, authorities have said the suspected attackers espoused white-supremacist ideology. Among those involved in the exercise were officials with DHS, the FBI and local police departments, along with representatives of numerous Jewish organizations nationwide. Brad Orsini, director of community security for the Jewish Federation of Greater Pittsburgh and a former FBI agent, discussed the active-shooter training done at Tree of Life and other places, saying: "The only thing we can really do is prepare."

**Note:** Orsini conveyed that the only control we have is preparedness: assessing, planning, training and hardening. He acknowledged that at the time of the massacre, the synagogue did not have panic buttons or an alert system, but that Pittsburgh community is now addressing target hardening the best they can with the money they have.

**Monroe, Washington, April 8, 2019 (HeraldNet):** Dakota Reed, 20, has been charged with two felonies for allegedly posting mass shooting. He wrote about a mass shooting plan to kill 30 Jews. He also wrote about “pulling a Dylann Roof,” referring to the white supremacist who killed nine people in a South Carolina church. Prosecutors believe Reed made a video introducing himself as Active Shooter 327. He showed off new sights on an AR-15 rifle, in a room full of white supremacist propaganda. He yelled, “(I’m) fixing to shoot up a (expletive) school,” charging papers say. **In other posts he asked himself why he needed guns. His reply was a cartoon of a Jewish man being executed with a bullet. He wrote he was saving up to buy guns and ammo to kill “(((rats)))”** Among anti-Semites, the echo symbol is a reference to Jews. He was arrested at his mother’s home, where twelve guns were recovered.

**Buenos Aires, Argentina, April 7, 2019 (Jerusalem Post):** Two people physically attacked worshipers leaving a Jewish center and synagogue and made anti-Semitic comments during their attack. Rabbi Uriel Husni, the head of the Mikdash Yosef Jewish center reported that the attack was staged by a man and a woman against worshipers leaving the center in the Palermo neighborhood of the city, as people were leaving following the end of the Friday night Shabbat service.

**Worldwide, April 4, 2019 (New York Times):** Swastikas daubed on a Jewish cemetery in France. An anti-Semitic political campaign by Hungary’s far-right government. Labour lawmakers in Britain quitting their party and citing ingrained anti-Semitism. A Belgian carnival float caricaturing Orthodox Jews sitting on bags of money. And that was just the past few months. **The accumulated incidents in Europe and the United States have highlighted how an ancient prejudice is surging in the 21st century** in both familiar and mutant ways, fusing ideologies that otherwise would have little overlap.

**Izmir, Turkey, April 4, 2019 (JTA):** A man threw a firebomb at the Beth Israel Synagogue. The unidentified attacker reportedly told police that he attacked the synagogue in order to protest Israel. Mustafa Yeneroğlu, the Istanbul lawmaker for the ruling Justice and Development Party, or AKP, condemned the attack on social media, saying, “There is no difference between attacks targeting synagogues, churches and mosques; they all target social peace with their hate.”

**United States, April 3, 2019 (New York Times):** There were at least 38 attacks that targeted places of worship, like churches, synagogues and mosques across North America. Until last year, the deadliest of these attacks in the United States were a shooting at a Sikh temple in Wisconsin in 2012 (6 dead) and a shooting at a black church in South Carolina in 2015 (9 dead). **On October 27, 2018, 46-year-old Robert Gregory Bowers,[7][8] was arrested and charged with 63 federal crimes, for the mass shooting at the Tree of Life – Or L'Simcha Congregation in Pittsburgh, Pennsylvania, where eleven people were killed and seven were injured.** It was the deadliest attack on the Jewish community in the United States.

**New York, New York, April 2, 2019 (JTA):** Polish nationalists protested in New York City against a bill designed to help Holocaust survivors and their descendants reclaim lost property in Poland. Hundreds of people participated in the protest in Foley Square **and some employed anti-Semitic rhetoric.**

**Paris, April 2, 2019 (The Aegmeiner/BFM TV):** French media outlets revealed that a man who described himself as the “heir of Mohamed Merah” — **the Islamist terrorist who murdered three young children and a rabbi at a Jewish school in Toulouse in March 2012** — was arrested by security agents on suspicion of plotting his own terrorist attack against a school. The man was seized after trying to buy weapons. According to police, the man had been **planning an attack on children at a nursery school.**

The Mohamed Merah attack: On March 19, 2012, Merah launched a gun attack on the Ozar Hatorah Jewish school in Toulouse, **murdering Rabbi Jonathan Sandler, who taught at the school, together with his two sons, six-year-old Aryeh and three-year-old Gabriel. Merah then grabbed another child, eight-year-old Miriam Monsonego, and shot her through the head before escaping.**

**Australia, April 2, 2019 (Australian Jewish News):** There were 343 recorded anti-Semitic incidents in Australia over the course of the past year, including one act of extreme violence, a stabbing in Melbourne during the Jewish holiday of Shavuot. There were also seven assaults reported, 290 incidents of abusive behavior, 21 cases of damage and desecration, 14 threats, and 10 instances of anti-Semitic literature being distributed. **Of the assaults, 4 targeted Jewish people walking to or from their synagogue.**

**Nationwide, April 1, 2019 (The New Yorker):** A category of emergency known as an Intentional Mass Casualty Event is now considered a public-health crisis. **In recent years, deadly attacks have occurred at schools, houses of worship and other public places and events.** They have involved guns, knives, trucks, and improvised explosive devices. According to the article, **“Much attention has been given to the rising frequency of mass shootings in the United States, but equally alarming is their worsening severity.”**
