JCRC-NY Supports Ability of All Congress Members to Visit Israel

While we strongly and principally oppose Representatives Omar and Taib's support for the anti-Israel BDS movement, we have reservations about the Israeli government's reversal of its decision to admit them to the country. We support the ability of all Members of Congress to visit Israel. We trust that the overwhelming, longstanding, mutually-beneficial, and bipartisan U.S. Congressional support for our ally Israel will continue.
